25X1 + PANAMA REPORTING - Alerted beforehand by the Wire Service to the upcoming address to the nation on the night of the 21st by Manuel Solis Palma, Panamanian Minister in charge of the Presidency, and to Washington consumers' intense interest in it, Panama Bureau provided several advance FYIs on the speech filed at flash and immediate precedence, including Solis Palma's announcement that General Noriega was willing to step down after a dialogue with the opposition. Telephone calls from the Wire Service to consumers, including the White House Situation Room, and early Wire Service reports, based on these advance FYIs, enabled President's Daily Brief and National Intelligence Daily writers to begin writing on the speech well in advance of the completion of the translation of the full text. 25X1 + LIVE FRENCH NEWSCAST ADDED TO TV GRID - On 17 March, FBIS located a 30-minute French newscast being carried on the 34.5W Intelsat. The newscast is carried on La Cinq, one of the new private French television services. The program carries international and French national news, including reports on the approaching French elections, about which analysts have expressed considerable interest. The FBIS Television Center has added the program to its regular transmissions at 1400 EST on Channel 11 of the Headquarters television grid. []
